

On Rope 1

NFPA High Angle Rescue Training
September 12 – 16, 2011
DeSoto Falls State Park, AL

NFPA Level I & Level II Training:

- Training Fire Departments and High Angle Rescue Teams is our specialty.
- Instruction is focused on the new NFPA 2008 Level I and Level II standards.
- Firefighters and Rescuers will achieve a high level of competency with the 26 skills that NFPA requires for Rope Rescue Technicians.

On Rope 1 is committed to excellence.

- OR1 instructors have over 100 years combined experience in rope rescue/rigging in the vertical realm.
- A 6:1 student to instructor ratio ensures that participants get more hands on experience and personal instruction.
- Practical and technical knowledge taught about rope rigging/rescue and safety factor analysis.

On Rope 1 provides the most in-depth and intensive rope rescue training available. A strong emphasis on 'learning by doing' is one of the key elements that set On Rope 1 apart from other training programs.

The guidance that students receive from experienced OR1 instructors gives them knowledge and skills that can be **immediately applied during rescue operations.**

Price: \$695 per student
Space is limited to 26 students
