

OR1 Goliath Frog

- ✓ Has the lowest attachment point available. Designed specifically for Frog climbing systems.
- ✓ Cinch buckles at the legs and waist make for easy and quick adjustments with no slippage.
- ✓ Constructed out of 3" webbing that offers more support and maximum comfort while using a sit-stand climbing system.
- ✓ Has durable gear loops and a padded waist belt that can be removed for tough push trips.

ITEM #	WAIST (in.)	THIGH (in.)	WEIGHT	PRICE

OR1 Goliath Expedition

- ✓ All the advantages of our Goliath Frog (left) and MORE!
- ✓ Permanently attached side release buckles make for a quick "click, click" and your chest harness is secured.
- ✓ Steel D-Rings instead of snagging gear loops and no bulky waist pad keeps you moving through tight spots.
- ✓ Chest harness acts like suspenders to keep your harness in place. (Can be used without a croll.)
- ✓ When the going gets tough, the tough go on Expeditions!

OR1 Phantom Ghost SWAT Harness

F75

\$125.00

New

Finally!! **ONE product - TWO functions.** A **Padded Rappel Harness** combined with a **Duty Belt**. Never change gear over again.

- ✓ A Class II Industrial seat harness designed for SWAT members.
- ✓ Solid black with powder coated zero-slip buckles.
- ✓ Ample room for side arms, 4-8 magazines, gas mask, and other desired tactical gear.
- ✓ Waist padding solves harsh corner concerns.
- ✓ The padded waist and soft leg straps allow the Phantom to be worn all day.
- ✓ A built in handle in the small of the back allows a team member to steady you while you're leaning out and lining up the sights. Also great for assisting members over obstacles.
- ✓ Front and rear rappel connections with no metal parts to make noise.
- ✓ Dual cinch straps on the waist and adjustable butt risers allow this harness to fit nearly everyone.
- ✓ Ample package room.
- ✓ 3rd party tested to over 9,140 lbs. (40 kN).
- ✓ Lightweight - 2.2 lbs.

OR1 Exclusive!

PMI Avatar Harnesses

Meets ANSI Fall Protection & NFPA 1983-2006 Standards

- ✓ The ultimate in comfort and protection. PMI's Avatar harness is the best priced, most comfortable, versatile work and rescue harness on the market today. Made in the U.S.A.
- ✓ The full body harness (UL, NFPA 1983-2006 Class III and ANSI Z359.1) features a completely removable chest harness so the seat harness can be worn alone (NFPA Class II).
- ✓ Certified attachment points for any work/rescue application: sternal, dorsal, waist, shoulder, and rear waist belt...PLUS side attachment positioning rings.
- ✓ Ergonomic design puts safety first without compromising comfort.
- ✓ New optional Circumferential Chest Harness can be used with a chest roller as a climbing system.
- ✓ Includes a storage/carrying bag.
